Vatsalya Sadan

*A State of Art Creation for accessibility of
Child Protection Services
and developing a Synchronised ecosystem to
foster a sensitive and amicable ambience to children under
Juvenile Justice System*

- The project is inspired of vision of Mission Vatsalya and would be governed by the Juvenile Justice Act for holistic development of children with integration of services.
- Landscape development based on green technology for enabling environment to generate positivity and healing vibe.
- Green pasture with trees of pink trumpet, yellow trumpet, amaltas, jarkanda, Gulmohar, silk floss, koral, chor Asia, dhak and arithirna among others will create milieu based ambience in the campus.
- Technology guided facilities will include visual learning, artificial intelligence, remedial classes, therapeutic intervention, virtual hearing, video conferencing.
- Integrated Complex will be equipped with the hi-tech surveillance of laser fencing and motion sensing including CCTVs

Children's Homes Complex, Alipur
