### **GUIDELINES FOR SAHELI SAMANVAY KENDRA** (A Programme for Socio-Economic Empowerment of Women)

In the Delhi Government Budget Speech 2021-22, socio-economic empowerment of women and their integration in the family and state has been emphasized. In this regard, an important initiative announced by the Government under its 'Social Security and Welfare measures is' the *Saheli Samanvay Kendra*. Under this scheme, 500 Anganwadi hubs shall be set up in various parts of Delhi. These Kendras/ Hubs/Centres will act as Local Incubation Centres for incubating individual Start-ups and to promote the Self-Help Groups (SHGs).

The Saheli Samanvay Kendras (SSKs) will be situated in Anganwadi Hubs and will serve as Convergence cum Facilitation centre; function as a vibrant space for women and children to engage, receive services and information, build capacities and get sensitized on various social issues.

**The Approach and Methodology for SSK** is to serve as convergence platform for women and children at the district and sub district levels to improve access to government schemes and programmes spread across different departments and also build greater awareness on various social issues. The programme aims at empowering the community to address matters concerning their women and children through collective and informed actions. These will be the focal point of action on ground through which various services to women & children at grassroots level will be facilitated. The supervisors and the AWWs at these Kendras will reach out to the women & children with the motto APNO KI BAAT APNO KE SAATH!

The SSKs would address all dimensions of women empowerment through following components:

- I. Saheli Samanvay:** This component will provide a platform for women to come together and discuss their social issues, generate awareness about matters concerning them, their children and family; and collectively find possible solutions through locally available resources. The objective is to generate awareness on social issues as also matters concerning socio economic empowerment of women, development of children and to enable local solutions to emerging issues. The SSK will create an enabling environment in which women realize their full potential and use this platform for knowledge, information and communication. Services of local partners/experts who are already working with the ICDS Project indifferent capacities/themes/domains/activities will be taken in an organised manner. The activities under Samvaadshall be undertaken in a focused mannerwith monthly calendar reflecting in advance Topics/Timings etc.

**Activities to be undertaken –**

1. Facilitate convergent action by involving various front line functionaries of different departments to create awareness about rights and entitlements.
2. Mobilize women, adolescent girls and their collectives from the vicinity of Aanganwadi hubs/Samanvay Kendras.
3. Hold discussions during the *Samvaad* about government programmes/schemes/services for women & Children on issues related to health, hygiene, sanitation, nutrition, education, livelihoods and safe and secure spaces for women and children.
4. Use existing networks of Mahila Mandals/SHGs to engage with community as leaders/mentors.
5. Mobilize women and adolescent girls to form collectives to ignite their interest in skill development and livelihood training.
6. Empower community through periodic camps for quality care for health, stimulation and well-being of the whole family including children and adolescents;
7. Establish linkages with various schemes/programmes/services such as PMMVY, Poshan/ICDS etc for increased uptake.
8. Facilitate in arriving at local solutions to their issues through convergence of local resources and address them through native and prevailing solutions;
9. Address social issues of women's economic empowerment, decreasing participation of women in the workforce.
10. Address converging issues like water, sanitation, health and hygiene, juvenile crime.

11. Gender sensitization on issues of violence against women/girls, discrimination, gender stereotypes, declining child sex ratio, safety and security and other related laws and legislations.
12. Developing women's leadership skills, participation in public and political life and decision-making abilities.

The sensitization sessions will first focus on building the understanding of women and girls on social issues impacting them and would strengthen their voice and agency to take decisions. This will also enable some women to be the "Agents of change" who can influence their own community for generating local solutions. These training sessions will also allow them to become confident and raise their aspirations to undergo vocational training and skilling programmes to widen their choices and be self-reliant. In this process of upgrading their skills, the individual/group who shows inclination and potential to start up a micro-enterprise will be supported and hand-held through the Samriddhi initiative being discussed in Section II below.

- II. Samriddhi** will focus on strengthening collectives of women and adolescent girls, nurturing entrepreneurship, strengthening linkages with nutrition and other services, capacity building and generating sustainable livelihood opportunities. Women collectives called '*Mahila Shakti Samoohs*' will be strengthened and drawn from amongst women and adolescent girls from Anganwadi Hubs/SSKs and their vicinity.

**Activities to be undertaken –**

1. Each of the anganwadi centers from the Anganwadi Hubs will undertake enrolment from their catchment area to which ground level contract programs will be initiated. New Mahila Samooh will be created with help of CSO partner/NPO under ICDS in their respective areas.
2. Through the discussions held under Saheli Samvaad, a need and aspirational mapping will be done to identify potential women and adolescent girls, educational status, present level of skills and capacity, preference of work, ability to travel outside the community for livelihood trainings, availability of time, stability of residence for continuity in the samooh etc. This work shall be facilitated by credible agencies/CSO partners/NPOs under ICDS.
3. Women aged 18 years and above and adolescent girls aged between 14-18 years will be eligible to become member of the group.

4. A committee of Experts will be constituted to assess the current capacity of the existing mahila samooch and subsequently, these mahila samooch will be graded based on their knowledge, attitude and skills.
5. The existing women collectives and new mahila samoochs will be given mentoring support such that they would gradually turn into sustainable business units.
6. Creating a data base through resource mapping of traditional knowledge, local resources etc based on Delhi specific context.
7. Partnering with SULM, DTTE and other training partners as resource agencies for pre-desired training in soft skills, entrepreneurial and livelihood skills.
8. Establish linkages with concerned institutions for marketing of goods produced by Mahila Samoochs.
9. Once the community structures are nurtured in the form of women collectives, these can be further strengthened to form federations. Clusters/Mahila samooch need to be formed in all 95 projects of Delhi ICDS. These can then be consolidated as district level federations and finally as a State level federation.

**III. Mahila Sahayata Prakostha (Women Helpdesk):** To provide Single Window Desk for information & facilitation for access to various Govt. schemes and services. 33 Women helpdesks will be setup in (SSKs/ Sakhi OSCs/District Magistrate office/ Offices of DWCD in 11 districts of Delhi).

**STANDARD OPERATING PROCEDURE (SOP) ON SSK BRAND VISIBILITY**

SaheliSamanvay Kendra (SSK) is a new scheme for Socio-economic empowerment of women and development of children as announced in the Delhi budget 2021-22. Under this Scheme 500 SSKs are to be setup in the Anganwadi Hubs/Twin Anganwadi centres in various parts of Delhi and so far 455 Anganwadi hub centres have already been designated as SSK Centres.

In order to build unique identity of SSKs, augment its visibility and build awareness about the programme and disseminate its impact on the holistic development of women and children, it is stressed that IEC and Advocacy would play a significant role. For this it is crucial to have standardised protocol for all the SSK centres with regard to the IEC material, reporting mechanism for social media, communications & documentation process of these activities. In view of this, following protocols may be followed for SSK brand visibility: -

1. **SSK Board:** A board of SSK should be installed outside each centre, whose design and content has been finalized by the Department and its recommended size may be 10 feet (height) by 8 feet (width). Sample of SSK Board is **attached herewith**. In places where the recommended size does not seem feasible, the same may be altered accordingly however, following may be ensured –
  - a) The board and its contents must be clearly visible. It should mention the identity of the SSK i.e- SSK number. No other name may be given to the SSK.
  - b) Contact numbers of significant staff member or Helpline numbers may be put-up on the SSK board.
  - c) No other board is to be put-up in the SSK without approval from the HQ.
  - d) Signage's to be put to direct the beneficiaries to SSKs. A minimum of 5 signage's to be put-up.
  - e) Possibilities may be explored of painting walls in the communities by women and girls on theme related to SSK, services by SSK etc for inculcating a sense of ownership within the community.
2. **Posters:** Posters related to Saheli Samvad, Samriddhi, MahilaSahaytaPrakosht, Crèche Services and Nutrition Awareness etc should be placed in the centre for Visitors easy reference. To ensure quality and standardization, these posters will be prepared centrally by the ICT branch at HQ on the basis of the content received from respective branches and will be printed and distributed to the centres through the CTB branch. In case anything is developed at the local level or for innovative posters etc, same can be shared with ICT and IEC group at the HQ for a go ahead before use and dissemination.

3. **Bulletin Board:** The highlights of daily and weekly activities to be organized in the SSK should be displayed on a bulletin board so that visitors/participants are well informed. The bulletin board may be in the form of a white board.
4. **Notice Board:** A notice board may be put up in each SSK which must display list of Helpline numbers, list of district wise Mahila Panchayats, district wise Crisis Intervention Cells, Family Counselling Centres, district wise units of Crime Against Women Cell, Shelter Homes for women in distress, One Stop Centres and Protection Officers deputed by the Department in each district etc.
5. **Good Practice documentation:** Any activity organized in SSKs which can be considered as a good practice or is a source of inspiration to others must be shared on social media. For this each SSK may create their own accounts and share success stories, case studies, pictures, small video bites of activities etc with proper details/captions. Care to be taken in screening what is being shared on social media.
6. **Regular Social Media Updation:** The Monthly Progress Reports (MPRs) being shared by SSKs with the HQ periodically to also contain pictures, success stories etc that can be shared regularly on social media by the ICT team with proper details/captions. ICT branch will also undertake regular updation of videos, photos and material on social media platforms of SSK in order to disseminate information and amplify the impact of the SSK as a model initiative. The Team to also include the highlights in the newsletter/ website/other reports. Every SSK to start its own Social Media Page on Facebook, Twitter or Instagram.

**The component wise important instructions in this regard are as follows:**

**I. SAHELI SAMANVAY-**

- o Very short and precise Audio/video clips (preferably just of one minute) of *Saheli Samvaad* with a brief introduction of the topic of discussion by the AWW, POSHAN or PMMVY functionary or Mahila Mandal/SHG Member followed by the Samvad amongst women and adolescent girl on the social themes such as health, nutrition, livelihood, rights and entitlements, gender sensitization and awareness on matters concerning women/children/community should be shared regularly on the SSK social media handle in accordance with the schedule and topics reflected in the monthly calendar of the SSKs.
- o Pictures and audio/video of any session organized under Saheli Samanvay to be shared regularly as stated above preferably with the board (displaying the daily and weekly activities to be organized in SSK) in the background.
- o Short bytes/interviews of the women and adolescent girls with whom Samvad is being undertaken on the impact of it.

## **II. SAMRIDDHI-**

- Excerpts from the skill/livelihood training or entrepreneurial sessions - offline or virtual, should be shared on social media
- Engagements of Mahila Shakti Samooah with the women and adolescent girls or a successful enterprise at field level should be captured as photographs or audio/video clips and should be updated on the social media group of the SSK.

## **III. WOMEN HELPDESK/MAHILA SAHAYTA PRAKOSTHA**

- Pictures of the women help desk with proper set-up at each SSK should be shared.
- Few interviews with Help Desk functionary on specific instances of services provided; also interviews with women who have come to the Help Desk and who have been rendered assistance to bring improvement in her life or that of her family.
- Videos/photos of Community outreach activities.

## **IV. Chhaya – Child care & protection unit**

- Pictures/videos of the crèche set up and its activities should be regularly shared on the social media.

A team has been formed at WCD HQ (in the form of Data-Hub) for facilitating documentation of the activities of SaheliSamanvay Kendra. In this context, concerned District Officers with support of Cluster co-ordinators to ensure that MPRs related to the activities organized at the SSK centre are sent timely to the Data Hub Team at [sskwcd@gmail.com](mailto:sskwcd@gmail.com) with pictures, case studies, success stories etc. so that proper documentation may be ensured and the teams at the HQ can also share it on the social media page of the Department.
